

51 Performance Drive, Suite 300  
Weymouth, MA 02189

### ***Medication Refill Policy***

Please note that legal, regulatory and patient safety issues make it difficult to supply narcotic medications refills on nights, weekends and/or holidays. Many such medications cannot be prescribed over the phone. **Covering physicians may not be able to provide additional or alternative narcotic medications.** Please make every effort to anticipate your medication needs after surgery and to contact your surgeon's office during business hours to arrange for refills if necessary. An insufficient supply of pain medication during off-hours may necessitate a visit to the emergency room to obtain additional narcotic medication.
